Dear all

### **RE: SPECIALIST SKILL COURSE (EXPLORATION) 2018**

Navigating with a compass and map is an essential skill for any incident positions. Even with new technology, such as Global Positioning System (GPS) receivers, map and compass skills are still needed. Confidence with navigation skills comes with practice and proficiency. This confidence level often impacts how a person performs during a crisis - which can result in life or death decisions.

The National Training Team invites Unit Leaders and Rover Scouts to attend the **Specialist Skill Course (Exploration)**. Registration is now open for application.

#### **Certification**

Upon completion of this course, participants will be awarded a Certificate of Attendance and an Exploration Leader Badge.
